Description

Available in Store: Sarasota - HIN: NIBZ0301G425

Nimbus Tender 11

The T11 is a 12.4-meter-long walk-around for excursions with plenty of space for up to 12 people to socialize or take part in leisure activities, while also providing enough room for everyone onboard to face the direction of travel when moving at higher speeds.

The boat's heart is found in its lounge area. This is an extra spacious and multifunctional socializing space that can be easily adapted for different activities such as cruising, sunbathing, swimming, entertaining, lunch and dinner or a quiet afternoon of reading in the shade. Flexibility is provided by sofas, tables and awnings with simple handles that can be used to rotate, fold and move into different positions depending on the intended use.

The lounge area has a large table and three sofas which, depending on their position, can function as a large sun pad or a seating area that can either have all seats facing forward or alternatively facing one another. The outdoor galley has drawers for cutlery and tableware, a kitchen sink with hot water and space for a gas stove or electric grill. The large stowage space measures just over 2500 liters and boasts a hydraulic opening mechanism that is easily accessible from the aft deck. It has space for everything you could ever want to bring with you, whether that be SUPs, sea bobs, wakeboards or simply an inflatable rubber boat. The swim platform and the aft deck are large and easily provide enough space for several people at the same time.

"We already added some extra deck space, treading surfaces and wide passageways on this boat's little sister, the T9, but the T11 takes things to a whole new level. The surface areas are exceptionally generous and the freedom of movement you get onboard is palpable – not just in the lounge area, but on the aft deck and the foredeck as well. The boat is far from being over-furnished and freedom of movement is something that you truly feel whenever you step onboard" says Joacim Gustavsson.

The cockpit is meticulously put together in typical Nimbus fashion, with extra storage compartments and space for three people to sit in the direction of travel. The foredeck offers room for a divan and a sun bed. Much like the T9 series, the T11 also has a large storage hatch at the front of the cabin. Thanks to the large gunwale sides, the foredeck can also be used as a seating area and socializing space. Below deck you will find two separate cabins with space for two couples or a family of four. Additionally, there is a spacious bathroom with toilet, shower and sufficient headroom.

Engine 1

- Mercury
- V400XXL CF
- 400.00 HP
- 298.28 KW

Engine 2

- Mercury
- V400XXL CF
- 400.00 HP
- 298.28 KW
